

Stormwater BMP Cost Share Programs Central Iowa

Which stormwater BMP projects are incentivized in my community? #RainCampaign

Did you know that your community may have a cost-share program that funds practices you can use in your lawn to make it soak up stormwater, which helps improve overall water quality? Your community, along with the Iowa Storm Water Education Partnership (ISWEP), encourages you to install these best management practices (BMPs) on your property to help improve the water quality in your neighborhood stream, pond, or lake. Contact your local stormwater department or visit their website to learn more your community's cost-share funding options!

I live in this community:										
Altoona	Ankeny	Des Moines	Johnston	Pleasant Hill	Urbandale	Waukee	West Des Moines	Windsor Heights	Easter Lake Watershed	Polk Soil & Water
Cost-share funds help pay for these BMPs:										
<ul style="list-style-type: none"> Rain barrels 	<ul style="list-style-type: none"> Rain barrels Rain gardens Bioretention cells Permeable pavers Soil quality restoration Native landscaping Other stormwater BMPs 	<ul style="list-style-type: none"> Rain barrels Rain gardens Bioretention cells Permeable pavers Soil quality restoration Streambank stabilization Other stormwater BMPs 	<ul style="list-style-type: none"> Rain barrels Rain gardens Filtration or infiltration system Erosion control Grassed swale planting Other stormwater BMPs 	<ul style="list-style-type: none"> Rain barrels Rain gardens Bioretention cells Permeable pavers Soil quality restoration Other stormwater BMPs 	<ul style="list-style-type: none"> Drain tiles Erosion control Soil quality restoration Bank reinforcement Exterior drainage improvements or facility repairs 	<ul style="list-style-type: none"> Rain barrels Rain gardens Bioretention cells Soil quality restoration 	<ul style="list-style-type: none"> Rain barrels Soil quality restoration 	<ul style="list-style-type: none"> Rain barrels Rain gardens Soil quality restoration Native plantings Other stormwater BMPs 	<ul style="list-style-type: none"> Rain barrels Rain gardens Bioretention cells Bioswales Permeable pavers Soil quality restoration Native landscaping 	<ul style="list-style-type: none"> Rain barrels Rain gardens Bioretention cells Permeable pavers Soil quality restoration Streambank stabilization Native landscaping Wind breaks
Cost-share rate:										
50% up to \$75 per residential property	50% up to \$1,800 per property or business	50% up to \$2,000	50% up to \$1,250 per fiscal year, per property	50% up to \$750, whichever is the lesser value; first come, first served basis	50% of qualifying expenses up to a specified maximum contribution per project	50% up to \$1,000; first come, first served basis	Rain barrels up to \$75 Soil Quality Restoration 50% match up to \$1,500	Up to \$1,000 per property per fiscal year for most BMPs; Rain barrels up to \$75	Rain barrels up to \$100 per property and up to 75% cost-share for eligible practices	50% for all eligible projects
